Appellation:	Dry Creek Valley
Harvest:	September 2013
Fermentation:	Tank Ferment & 4 New Acacia Barrel Ferments
Cases Prod:	897 cases
Alcohol:	14.1%
Retail Price:	\$20

Vineyard Description:

This 100 acre Timber Crest Vineyard is located off Dry Creek Road on the valley floor. The Sauvignon Blanc vineyard actually borders Dry Creek. The soil composition of this vineyard is Yolo Sandy Loam and the clone is 01EH. Our canopy management included an extensive amount of leaf pull at the basal leaf zone to filter in plenty of sunlight to the cluster.

Winemaker Notes:

In 2013 we decided to pick our Sauv Blanc in two separate picks that were 10 days apart. By having the natural acidity and more citrus components of the earlier pick, and the more viscous mouth-feel and tropical components of the later pick, we were able to create a highly complex Sauv Blanc. To further add to complexity we barrel fermented 20% of the wine in Acacia wood barrels.

This Sauvignon Blanc has depth of palate with loads of complexity that you typically do not see from the varietal. With aromas of pear, apricot, guava and a hint of tangerine, the palate showcases rich and round notes of citrus finishing with vibrant balanced acidity.
